SABUJ BALAKARA

This reminds me of Gulliver's travel. Myself is Gulliver. The little Gongs are all around me sitting and watching and tying knots on my legs & arms but they can't solve the mystery 'who I am'.

Ratan Tata is 'Shani the Vakra' - Saturn Retrograde deva. Each and every planet has a state and a yogi sitting there. He did surprising things though. Puja by girls in Shingnapur temple and buying Range Rover. A plumber came to my house to fix the conod but instead of doing that fixed some chemicals inside my conod base which is toxic & is released slowly in the air. It can eliminate Mr. Person sent by Zionist regime. The Qatar govt. has sent him. The Qatar will now get poisonous gas leaks & totally destroyed for this SIN. Qatari people will accuse their deceased EMIR for this. History will not forgive him. He built ISIS terror regime. This chemical was built in Mossad lab though. The landlord probably does not know about this. This is LG for LJ Hooker Real estate agent. There will be no body double of Qatar country now. One famous soldier told me that we know you are brave & sweet and your aura is beautiful but we are satan's agent so we talk in a specific language. A lady came from Burdwan village. Lives in a posh Flat in Rajarhat. She wants to honey trap Soleimani. She used 'khata toilet' once now buys tissue paper from Amazon from the Zion cheques.

(2) Lord Saturn's Vakra dristi has fallen on her son. Soleimani's niece Feenal was saying that they don't know 'mama' that's why they are planning all these nasty.

AMIT SHAH IS JARAT KARU MUNI.

Rituparna Sengupta and her husband has been trapped by Zionist regimes they trapped Tapash Paul.

If people are into money only their society will become cashless one day. The universe will retract the energy. Like dinosaurs. Don't overuse it. Give importance to fine things in life rather than gross things.

SEVEN MORE BRUTAL CASES WILL TAKE PLACE IN AND AROUND KOLKATA METROPOLITON.

The Bengal revolution will not stop. It will spread and become more violent in the coming days. Military will takeover.

In ideal conditions 'gas' or 'a gas' behaves in a certain way & in normal condition, other way. Similarly a human or other souls does the same thing. Cause we all are idealistically divine.

③ Aishwarya Rai's father was short tempered. He did joint work with some co-workers. They published papers in their names which ended up in a conflict and he threw some chemicals on their face and said now I will publish all in my name. Then her mother did some tantric rituals and hid the staff and moved to Maharashtra. This is their side of story.

The people who are manifesting brutal things on my body will get severe punishment. The manifestations will bounce back to them from now on. From now on their bodies will get affected. Not mine. When these all will come out in public, people will see that too. These their selfish motives and sins all these guys attacked brutally a single person's body. General public will get scared to get out of their home. Jesus was crucified once. They are crucifying me every now and then. They are all powerful men and well respected in the society. Souls vibrate like Sudarshan chakra. If divine rays fall on them they can stop and achieve peace and if satan traps them then the speed increases and the soul gets fully destroyed like a fallen Lattu. So it is better to Invoke gods.

(4) Gods will be for peace & elevation.
 So now Yaksha Kubera deb will get
 puja for money. Also his mongoose
 will get puja too as he is the
 ATM and he will give the money
 actually when invoked through
 mantra.

Tuesdays will be their special
 days and 'Kubera Purnima' will
 be the special tithi from
 now on.

Kubera ji will be the Lord of
 money not goddess Lakshmi.

Lakshmi will get puja for peace
 and ascension and harmony like
 Radha Krishna and Lakshmi
 Tantra only.

Kubera ji will be called vice
 (Shootnath) and will be given
 importance as equal to Lord
 Shiva. He will have an army
 of ghosts & ghouls like Lord

Shiva called Kubera gana &
 they will guard him.

Nakul will also get special
 puja.

⑤ Gods are sending messages through me to surrender. Else you will be finished you know better what you are doing actually.

Jain religion is an organised crime gang. Mahavir was a romaniser. He was a sex maniac. Jains have spent millions to stop his scams from coming out.

Needless to say he was not an Ahihant as they claim. Tirthankaras are like our shankaracharyas. Head of religions.

That's it. It is a quite old religion. Mahavir made it popular. It started from hindus though but has its own roots & logic. Maybe they have their share of Realised beings & Ahihants but Mahavir was not one of them. His sex scandal is still recorded in the legal books of his time. Now the Jain monastery majority of them are run by crime lords. Business community religion.

One very famous business man told me that they spend a huge sum of money to hide Mahavir's scams. Now Zions have taken over them. Acharya Yogesh went there with a clean mind but they have trapped him too. They are drugged and they work by taking orders of the high level crime lords. They are passing messages to all Jain monasteries to kill me. Mahavir & they all are into heavy Tantra. Mahavir is now in hell.

 ⑥ Self realization is very hard not to crack. It takes million/billions of births to get realised. Specially in this age of Satya. Acharya Jagdish was saying to me that "Maa, I know that you have achieved that state cause I can see your aura. Pure white light. What you are chattering are there in spiritual doctrines that pure white light is of body of the realised saints / Arhants and dark or pure black of satya. Demons are various shades of grey. The gods & angels are colored.

Color means ego actually."
 He was saying that they are forcing Jain monks to destroy hindu temples and countries forcefully.

To me jain philosophy has become a bit funny like islamic jihad which means literal war instead of fighting your own negative traits.

Jains too tries to control insects and non veg food and all in the name of Ahimsa. But don't bacteria specially gut bacteria helps us to digest food? And don't plants have a life? They chop them & eat.

⑦ Ahimsa means controlling himsa externally. And see where they are from after all these dramatic errors.

Fallen & cursed angels will work from low vibrational planes upon and achieve Mukti and get restriction free life of restorers on their proper lokas then. They all will help me in various ways. Invoke them guys & set them free on the cosmos.

18-16 Kalis will protect the world from Satan.

Dambara Kali will protect all my followers from dark magic and people whom I channel here and then attacked by dark stuff.

⑧ When I listen to my favourite singer
 people attack them by Kala stuff.
 Then they go to Tantriks for kavachas.
 going to gods etc. are good but
 if they are atheists then they are
 trying to change their foundations
 and beliefs without no reason aka
 forcefully which is no good.

Please excuse my language because
 I get attacked while chatting.

Nukes should be destroyed not bombed.
 No further should be made.
 Treaty is not needed. No
 further manufacture is needed.
 One explosion is enough. So it
 should stop. Satan is provoking
 all these.

USA is planning to nuke
 Russia.

Suchitra Bhattacharya is the best
 author among all contemporary
 authors now. She is the best human
 being also. This is a theory
 bengalee teachers & people say
 needless to say among female
 writers. She is the most
 creative.

Karma traps spirally like a rope when you realize it is out of illusion. When you cut it is illusion or Maya.

Yogis can leap birth cause they can learn soul lessons without enjoying

the 'body-birth' paratiga. Others cannot learn. So they take conscious births to learn their lesson & move on to the next level.

Sadhana leads to leap of birth since it matures the soul.

After proley or mahaproley the new cosmos will be totally different.

Star Dhruva is my only love of incarnation. Soleimani is also my lover. But he is my soul only. One soul in 2 bodies. Twin flame.

But Dhruva tara aka Raghuram Rajas is the only love of my entire 7 incarnations. Others are my husbands only. According to Dharma Raghuram is the only lover.

This life boyfriends are products of 'kalajadu' forced on me rather than natural love that to assassinate my character.

Hunter Biden if surrendered would have been saved. But if new body double goes to jail also he will suffer in next life.

(10) No one is safe except Supreme Lord.
 But he is cruel. Does not work
 One who works is under observation.
 Even the Realised Saints are observed by
 Allah / Supreme Godhead.
 They can only control the cosmos &
 are free of karmic cycle.
 Gods are watched by Rishis &
 Rishis by Realised Beings.
 So every body is being watched.
 Do good and maintain karma.
 Don't judge anyone. Do your own
 Sane work. That is the best thing.

I can create my 1000 replicas.
 But those are separate beings. Not
 me. They are powerful though. Very
 Very fierce. But completely unique
 Souls with idiosyncrasies of their own.

Sanjay Dutt my past life Bhani
 will get cured totally from cancer
 and will not need anymore
 medicine to support his body's
 immune system. Fingers crossed.
 He will live a happy, healthy &
 very very long life.

God will protect all innocent filmy
 folks & film veterans.

Khakstan old movement which killed
 Mrs. Gandhi was a CIA initiative to
 destroy India. This movement led to
 operation Blue Star. The whole thing was
 injected into India by CIA.
 Ishaken 22 (END)

(1) Those in Bollywood calling me mean 'Pagal aurat' will enjoy the fruits of a crime free society afterwards like they sell sanitary napkins & used condoms to perverts sitting in a free India where lots of bloodshed happened once by rebels.

Gandhi, Bose, Bhagat Singh, Nana Phadnis, Shivaji & all these key board warriors using technology to win a paperless & gun free bomb free war.

"I am here to save souls, not to destroy them." Bad smothering me won't lead you anywhere. One sin against me will cost lives of 100 Bollywoods & their mafia gangs.

Non doing Kala jadh on South and Bengalia film folks since they will survive & rise & Bollywood will get ~~completely~~ completely eradicated.

It will start from Rajasthan though.

They destroy artists.

Innocent filmy people and the whole industry who own their franchises on the money they earn from the films the work on.

Life spot boy, camera man, hair dresser etc. This should stop. They are also human beings. They have a soul too.

Not the Zionist regime of USA has the right to live. Am I right Mr. Bhinken?? (END)

The END....
